

Low Viscosity Adapter for Viscometers

MODEL: LVA-30

SALIENT FEATURES:

- Ideal for low viscosity materials
- 20 to 30 mL sample is needed for test
- Spindle No. included with adapter
- Especially made for materials less than 20 mpa.s viscosity
- Viscosity Measurement Range:
1 to 2000 mpa.s

STANDARD ACCESSORIES:

- Joint Road
- Hook Rod
- Frame
- Spindle No. 0
- Pipe
